**ORDER**

The critical importance of providing financial and logistical support to students from the Scheduled Castes and Scheduled Tribes communities pursuing higher education, especially in prestigious foreign universities is an acknowledged priority of the Government. While operating the existing scheme, the need emerged to address specific gaps and bring clearer procedural details to establish a transparent and efficient system for offering overseas scholarships to the deserving candidates. This includes guiding students to renowned universities, offering counseling services, legal assistance, safety measures, medical insurance, safeguarding against exploitative agencies, and ensuring a smooth, hassle-free application process.

As per the letter read 4th and 5th paper above, the Director, Scheduled Castes Development Department and the Director, Scheduled Tribes Development Department furnished proposals for revising the guidelines for sanctioning scholarships to students seeking admission in foreign universities. Several consultative meetings were conducted to streamline the process for the benefit of the students and to structure it in a manner to extend the benefit to more students as well as target it towards the most vulnerable and deserving within the communities.

Government have examined the matter in detail and are pleased to revise the guidelines and revamp the scheme as "*GOVERNMENT OF KERALA-UNNATHI SCHOLARSHIP FOR OVERSEAS STUDIES*" as follows:

- (A) The *UNNATHI SCHOLARSHIP FOR OVERSEAS STUDIES* is a merit-cum-

means scholarship for pursuing higher studies abroad. This programme is envisaged to help the talented and meritorious students to pursue post-graduate level (or above) courses which will facilitate access to a broader area of knowledge and widen their career prospects. In the longer run, it should fetch better means, a career at par with the best in the world and mobility powered by knowledge. The choice of courses, the opportunities offered by the institution, the reputation and acceptance of the course within and outside our country, academic growth, job prospects, the expected terminal contribution to the individual and his/her family, etc., are relevant factors in the award of scholarship.

**(B)** Prospective students should begin preparations for overseas studies by the final year of their degree, gathering details about the desired course, institution, fee structure, and living expenses in the target country. The IEC component of this scheme in collaboration with ODEPC (Overseas Development and Employment Promotion Consultants - a government of Kerala Undertaking) and other sectoral agencies and Universities would actively reach out to the prospective students and enable them to take an informed decision.
